Business/Economics Major

Total Major hours: 48

Suggested hours per semester: 16-18

Major Academic Plan (MAP) for Catalog Year 2022-2023

The catalog is the final authority on CATC and major requirements; this is intended as a tool for planning purposes. Student course sequencing may vary depending on course offerings and other variables.

Notes or Special Guidance for Majors:

- *Course has prerequisite
- ^F Fall only course
- ^S Spring only course
- *Offered every other year
- ¹ Courses that meet CATC tags (with max of 3 from major counting for Christ at the Core Thematic Core): ECON 211 (SI), MATH 221 (AAQR), MATH 231 (AAQR). Many of the Economics and Business/Economics elective courses carry CATC Thematic Core Tags.
- ² B EC 341: Principles of Marketing, B EC 342: Management, and B EC 367: Principles of Finance can be taken in any order.
- ³ B EC 321: Statistics and B EC 226 Financial Accounting are prerequisites for B EC 367 Principles of Finance.
- ⁴ 10 credit hours of electives are required for the Business-Economics major. These are courses designated as either B EC or ECON courses.
- -Economics and BEC courses tend to fill quickly. It's very common for our majors to focus on their general education courses in their first two years and take lots of courses for their Business-Econ major in their third and fourth years. The first two years are also a good time to take supporting courses in fields like mathematics, statistics, computer science, and communications if students aren't getting into their first-choice Business-Econ classes.
